

SCRABSTER HARBOUR TRUST

NOTICE TO MARINERS

NO. 4/2020

SCRABSTER HARBOUR - ST OLA PIER CONSTRUCTION WORKS

Mariners are advised that construction works on the Scrabster Harbour St Ola Pier are progressing and piling operations are taking place at the South end of the Pier piling gates will extend out passed the end of the quay. The area is well illuminated and the piers Navigation light is still in place. These works are scheduled to be completed mid-February.

Personnel may be working at sea level throughout the works and vessels should pass at slow speed and give a wide berth to the works.

Access to these areas may be restricted at times when work is ongoing and mariners are requested to give this a wide berth and contact "Scrabster Harbour" on VHF Marine Channel 12 when transiting through these areas.

Further Notices To Mariners shall be issued as the works progress to advise mariners of any specific dangers to navigation.

Any queries relating to the above should be directed to the Harbour Master at the address given below
