

SCRABSTER HARBOUR TRUST

NOTICE TO MARINERS

NO. 3/2020

SCRABSTER HARBOUR - ST OLA PIER CONSTRUCTION WORKS

Mariners are advised that construction works on the Scrabster Harbour St Ola Pier Development shall commence on or around 15th June, lasting for a period of approximately 12 - 18 months

The works shall involve demolition, piling operations to construct new berthing faces on east and west side. Dredging operations shall also be undertaken in the QE Basin and inner Basin, and approaches. Diving works may be undertaken during construction operations.

Personnel may be working at sea level throughout the works and vessels should pass at slow speed and give a wide berth to the works.

Access to these areas may be restricted at times when work is ongoing and mariners are requested to contact "Scrabster Harbour" on VHF Marine Channel 12 when transiting through these areas.

Further Notices To Mariners shall be issued as the works progress to advise mariners of any specific dangers to navigation.

Any queries relating to the above should be directed to the Harbour Master at the address given below
