Notice to Mariners

Pentland Floating Offshore Wind SEAWATCH LiDAR Buoy

189802-NtM-004(01) | 24 February 2023

Final

1. Notice to Mariners

Mariners are advised that Fugro are planning a service of a SeaWatch LiDAR Buoy (SWLB).

The buoy location is within the UK Sector of the North Sea off the north coast of Scotland, as shown in the coordinates in Table 2.

The buoy is planned to be recovered the 28th of February and towed onshore to Scrabster Harbour for service while replaced with a temporary marker buoy with yellow light, marking the mooring left on site.

Table 1: Temporary marker buoy, light flash sequence

Flash Code	On [s]	Off [s]
Yellow, 30 flashes/min	1.25	0.75

The equipment is to be recovered and deployed by a single vessel. Deployment will take one day on site, 3 days service onshore and one day re-deployment on site. Re-deployment immediate after service is dependent on weather and vessel availability.

2. Area of Operations

The equipment is located at the position provided in Table 2 and Figure 2.1.

Table 2: SWLB deployment coordinates

Name	Latitude [WGS84]	Longitude [WGS84]	Depth [m]
Pentland SWLB position	58° 39.1675' N	003° 52.2809' W	86

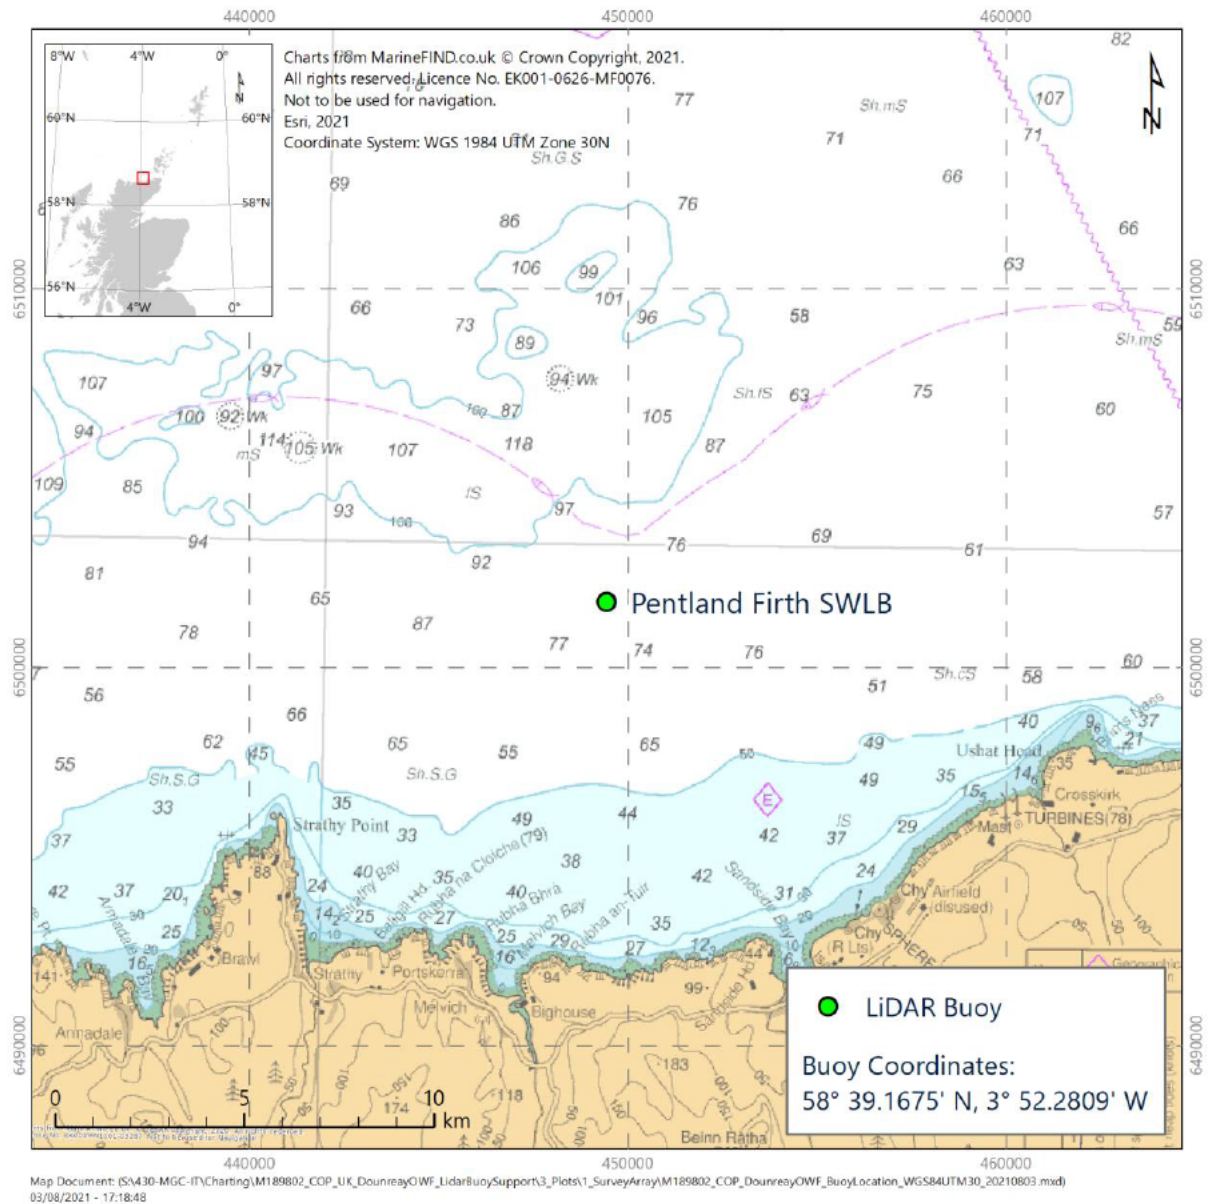

Figure 2.1: SWLB licenced position

3. Immediate Contacts

Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to the persons outlined in Table 3.

Table 3: Contact persons

Role	Name	Contact Details
Fugro Project Manager	Lars Fogelin	+47 9241 0056 l.fogelin@fugro.com
Fugro Project Director	Arve Berg	+47 9139 4172 a.berg@fugro.com
COP Package Manager	Jacob Zeemann	+45 3143 9800 jze@bluepp.dk
COP Package Manager	Mark Finch	+44 7478 745480 mfi@cop.dk

4. Survey Vessels

Pending availability, the vessel outlined below is currently the option for the deployment of the equipment. If the vessel is not available, an alternative will be sourced and an updated NtM issued.
