

General statement

The Scrabster Harbour Trust under its responsibility as a Harbour Authority, endeavours to minimise environmental impacts of its activities, and through its influence over others. The Harbour Trust will regularly review all of its policies, programmes and services and act, wherever necessary, to meet the highest environmental standards.

Scrabster Harbour Trust Aim to Minimise any Impact on the Environment by:

- allocating suitable and sufficient resources and by implementing appropriate systems so that legal duties are met.
- taking steps to reduce our impact on the environment by cutting the amount of energy the trust uses wherever reasonably practicable.
- investing in low-energy technology and, if practicable, renewable energy technology
- preventing pollution, reducing waste and ensuring, wherever practicable, that measures are implemented to protect and preserve natural habitats, flora and fauna.
- considering the effects that our operations may have on the local community.
- promoting environmental awareness amongst our suppliers, contractors and partners by implementation of operational procedures.
- ensuring effective and expedient incident control, investigation and reporting.
- identifying environmental legislation that applies, both directly and indirectly, to the trust's activities.
- establishing a system to monitor and report on the outcomes of this policy.
- reviewing and updating this policy on an annual basis.

Organisation Roles, Responsibilities and Authorities

The Manager will take overall responsibility for ensuring that this policy is fully adopted into the trust. All employees and sub-contractors are expected to co-operate and assist in the implementation of this policy. This includes co-operating with management on any environment-related matter.
